Subject: Report

My training session is running on and i dont think im going to get home in time so heres my repory

Given we have so little contact these days with our local Police SNT officers, I am organising a meeting for parishes in my division and Inspector Danny Cooper we are looking at week beginning Monday 9 October. I think it is most likely going to be on Tuesday 10 October but will confirm

I am going to have to limit attendance to one person from each Parish Council – there are after all 24 parishes – so that we can have a proper discussion and everyone can have their say.

1. Suffolk teenagers did very well in their GCSEs and A Levels this year – at this stage we are relying on the results as reported to SCC by the schools, rather than the Department of Education verified results. At A-level the county's results were above the national average.
2. SCC Cabinet is today going to approve a plan consult on proposed changes to home school transport. The change would see free transport provided for pupils attending their nearest school. The consultation will take place from 2 October to 22 December and if the changes are agreed they would be implemented from the start of the autumn term 2019. Suffolk is bringing itself into line with other counties and applying the statutory criteria rather than the more generous terms at present.
3. After careful analysis of the cost and effectiveness of the Suffolk Fire and Rescue Service the Police and Crime Commissioner has decided not to make a bid to take over the running of the service.
4. Highways has moved out to Rougham and been reorganised. I havent seen them yet to take up the Elms Farm visibility complaint but i have a meeting booked for early next week and will raise it thrn

Mary Evans
Suffolk County Councillor - Clare Division
